

ALLIES FORCE GREEK KING TO ABDICATE

PRINCE ALEXANDER SUCCEEDS TO THRONE

Former Monarch and Crown Prince to Leave Country Immediately

MAY GO TO SWITZERLAND

Affairs in Greece Make Decisive Action of the Entente Powers Necessary

EXPECT NO DISORDERS

ATHENS, June 12.—via Paris.—The fall of Constantine I., king of the Hellenes, has come. In response to the demand of the protecting powers, France, Great Britain and Russia he abdicated today in favor of his second son, Prince Alexander.

This climax in the affairs of Greece was brought about thru the agency of the French Senator M. Jonnart, who arrived at Athens a day or two ago as the representative of France, Great Britain and Russia.

Demand, Eliminated Crown Prince.

M. Jonnart had previously visited Saloniki and other points and he lost no time in getting into conference with the Greek premier, Alexander Zaimis. The demands of the powers respecting the abdication of King Constantine also specifically eliminated Crown Prince George as his successor, the crown prince being included among those Greeks in official life considered strongly pro-German.

Both the former king and Prince George, it was announced today by Premier Zaimis, intend to leave the country immediately. It is reported they will embark on a British warship and proceed to Switzerland by way of Italy. It is presumed Prince Alexander will take up his kingly duties with full acceptance of the ideas which the protecting powers desire to be put into effect in the government of Greece during the present war. He is 24 years of age and has been free from anti-entente proclivities.

Action Became Necessary. Affairs in Greece, which several times since the outbreak of the war had seemed on the verge of a settlement, recently have taken on such an aspect of uncertainty that it became necessary for the powers to act with decision.

M. Jonnart was selected to proceed to Athens for the purpose of laying before the premier the aims which France, Great Britain and Russia had with respect to establishing unity of feeling among the Greeks and greater security for the entente forces engaged in operations in the east.

While he informed the premier that troops had been placed at his disposal, he appealed to that official to use his influence toward a peaceful settlement. The troops, according to M. Jonnart's instructions were not to land until the king had given his answer.

Demanded Abdication Monday. M. Jonnart called upon Premier Zaimis Monday morning and demanded in the name of the protecting powers the abdication of King Constantine and the nomination of his successor to the exclusion of the crown prince.

M. Zaimis recognized the disinterestedness of the powers, whose sole object was to reconstitute the unity of Greece under the constitution, but he pointed out to M. Jonnart that a decision could only be taken by the king after a meeting of the crown council, composed of former premiers.

It was not until 9:30 o'clock this morning that the premier communicated to the commissioner of the allied powers the king's answer in the following letter:

"The minister and high commissioner of France, Great Britain and Russia: Having demanded by your note of yesterday the abdication of his majesty King Constantine and the nomination of his successor, the undersigned, premier and foreign minister has the honor to inform your excellency that his majesty the king, ever solicitous for the interests of Greece, has decided to leave the country with the Prince Royal and nominates Prince Alexander as his successor. (Signed.) 'Zaimis.'"

All efforts of agitators to start a manifestation failed and the army officers announced their intention to obey the order to take no part in any demonstration and to maintain peace. There were no disorders and everything leads to the belief that there will be none.

FILE CHARGES AGAINST FIVE IN KIDNAPING CASE

Four Members of Adams Family Held in Missouri Jails

All the Adams are said to have confessed to knowledge of conspiracy to kidnap Springfield, Mo., Jeweler.—Secure Description of Another Man.

Springfield, Mo., June 12.—Four members of the Adams family and Sam McGinnis, held in Missouri jails in connection with the various alleged abduction plots here, late today were charged with conspiring to kidnap C. A. Clement, Springfield jeweler, in an information filed by Paul M. O'Day, county prosecutor.

With McGinnis, three members of the Adams family, Mr. and Mrs. Taylor B. Adams and their son Maxie are held in the Stockton jail, where they were placed for safe keeping Sunday after they had been pursued by a Springfield mob. Cletus Adams, also named in the information, is in the Kansas City jail with Claude Piersol.

All the Adams are alleged to have confessed to knowledge of the Clement plot. Other developments in connection with the alleged plot to kidnap a Springfield baby and a St. Louis munitions manufacturer are expected soon.

The description of another man wanted by the authorities—a man who at no time has been named, hitherto—was obtained from Piersol by Judge Arch A. Johnson, of the Greene county criminal court. It was announced today. A search for this man now is being made it was said.

Cletus Adams and Piersol will be kept indefinitely in the Kansas City prison. It was announced. It is feared trouble might result if they were returned here.

The other members of the Adams family and McGinnis likewise will be kept in the Cedar county jail.

WILL ATTEMPT TO WIPE OUT INDEBTEDNESS

CHICAGO, June 12.—Reports that the citizens' committee had found the Alton Three 1 Baseball Club's indebtedness too great a burden to be handled caused President Kearney to hold several conversations tonight with persons interested in the club. He said the committee would take charge at once as originally announced and that they would begin a campaign to wipe out the club's indebtedness.

The Alton team will play tomorrow at Quincy.

ARREST BARTENDER

Chicago, June 12.—With the arrest tonight of James Frisch, a bartender on a charge of having sold liquor to a minor who is a member of the First Illinois infantry, it was announced that military authorities were making strong efforts to stop the sale of intoxicants to soldiers. As the alleged sale was made when the guardsman was not in uniform, the prosecution will be undertaken in the state instead of the federal courts.

ASKS ASSEMBLY TO RECESS

Springfield, Ill., June 12.—The state council of defense asked the legislature today to recess after completing work of this session instead of adjourning. This action would permit the governor to secure action on war measures without calling a special session.

WAR BUDGET BILL MAY GO TO PRESIDENT TODAY

Wilson Takes Hand in Congressional Controversy

Executive Unqualifiedly Endorses Daniels' Communication Emphasizing the Necessity for a Naval Base on Hampton Roads in Letter to Chairman Padgett.

Washington, June 12.—President Wilson took a hand today in the congressional controversy which has been delaying final passage of the \$3,281,000,000 war budget bill, and the measure probably will be sent to him tomorrow for his signature.

In a letter to Chairman Padgett of the house naval committee the president transmitted and unqualifiedly endorsed a communication from Secretary Daniels emphasizing the necessity for a naval base on Hampton Roads. Soon afterward the house adopted a conference report on the budget measure with a modification of the section in dispute providing for the acquisition of the old Jamestown exposition site for the naval station. The senate is expected to concur tomorrow.

The exposition site provision has kept the bill in conference for a week, all of the other great appropriations carried having been agreed upon. The house objected to the price of \$1,400,000 fixed for the property as exorbitant and there was talk on the floor of graft. The modification written into the bill today provides that the president shall take over the site at a price satisfactory to him not to exceed \$1,200,000.

In his letter today Secretary Daniels said Hampton Roads was the most important strategic point on the Atlantic coast and was the only place where a naval base of 1,000 acres could be acquired inexpensively. He said the tract was urgently needed so that a training station might be set up to take care of recruits who now are being kept at home because the navy has no place to put them.

MINIATURE CLOUD BURST WASHES TRACK OUT

CEAR RAPIDS, Iowa, June 12.—Nearly one hundred feet of track of the Waterloo, Cedar Falls and Northern Interurban railway was washed out near the city limits late this afternoon by a miniature cloud-burst that fell shortly before six o'clock.

In less than forty minutes nearly an inch of rain fell, paralyzing all traffic, flooding cellars and overflowing sewers.

OH. INDUSTRY RECOVERING

Amsterdam, via London, June 12.—The Wolff Bureau, the official German news bureau, has sent out a telegram from Bucharest saying that the Rumanian oil industry, "despite the ruthless enemy destruction last fall," is rapidly recovering. The telegram says that the production is increasing weekly and fully meeting the needs of the army.

TO NAME COMMISSIONER TO UNITED STATES

Rome, June 12, via Paris, June 12.—A high commissioner to the United States will be appointed by the Italian government. His task will be similar to that of the French high commissioner, Andre Tardieu.

GIVES GOVERNMENT CONTROL OF EXPORTS

Senate Approves Administration Espionage Bill

Measure, Now Sent to President, Puts Into Executive Hands a Weapon Intended to Stop Supplies from Entering Germany Thru Neutral Countries.

Washington, June 12.—Control of exports was given the government today when the senate finally approved the administration espionage bill with its embargo clause. The measure, now sent to the president for his signature puts into the hands of the executive a weapon by which it is intended to stop supplies from entering Germany thru neutral countries.

Passage of the bill removes to a great extent the necessity of the British blockade since the United States originates most of the exports that reach the neutrals, will be in position with the aid of British machinery to see that the countries are supplied with just enough food and materials for their own needs.

The measure also gives another powerful weapon to the president in that it permits him to trade for articles controlled by the allies which heretofore have been permitted to come to America only in limited quantities. The United States with an enormous trade balance in its favor and largely independent of the rest of the world for raw supplies, can force release of the supplies it does need by exercising its new power over exports.

As administered the act will require licenses for export cargoes and under this arrangement the government can force neutral ships from harbors where they have sought safety from submarine attack to transport their cargoes, wanted by their home countries, American and allied shipping too can be required to carry cargoes to the destinations the government considers should be supplied for a proper conduct of the war. The act probably will be administered by the department of commerce with an advisory board named from the state, war, navy and commerce department and the food administration.

The state department will decide questions that involve international policy. With eleven more states to report the war department records showed tonight that 7,129,308 have registered, as compared with census estimates of 7,373,467 for the states represented. Of those registered 5,468,073 were white, 847,852 were colored, 897,868 were aliens and 94,311 were alien enemies. In indicated possible exemptions were 4,111,453.

Michigan today jumped into first place among the states in proportion of estimated eligibles actually registered with 113.6 per cent.

CUT APPROPRIATION FOR STATE AID ROADS

SPRINGFIELD, Ill., June 12.—The proposed appropriation for state roads during the next two years was cut from \$2,200,000 to \$209,000, a reduction of \$2,000,000 by amendment in the house today at the request of Governor Lowden.

The house passed the bill appropriating \$1,760,000 for federal post roads.

The bill to re-appropriate unexpended balances for roads authorized by the last legislature was reduced by amendments today to \$1,173,797.07. It originally carried \$1,245,426.37. Among the bills passed by the house today were:

Re-appropriating \$48,212.60 unexpended appropriation for normal school buildings.

Appropriating \$16,159.28 for paving around state institution at Jacksonville.

Appropriating \$3,000 for paving hard road near Peoria state hospital.

VIOLENT STORM STOPS RAILROAD TRAFFIC

IOWA CITY, Ia., June 12.—Traffic on the main line of the Rock Island was completely interrupted late this afternoon and traffic is not expected to be resumed until noon tomorrow as a result of a violent rain and wind storm that swept Johnson county shortly before dark.

Nearly half a mile of track was swept out at Oxford, fourteen miles west of here.

The storm did nearly \$50,000 worth of damage in Iowa City washing out all the false work on the new Day Building with a loss of \$2,000.

DISCUSS MEANS OF PREVENTING CONFLICT

WASHINGTON, June 12.—Means of preventing conflict between the Illinois two-cent fare law and the interstate commerce commission's decree permitting a 2.4 cent rate were discussed with the commission today by James Wilkerson, assistant attorney general of Illinois and Colonel Buckingham, chief counsel for the state board of public utilities. No basis for agreement was reached and conferences will continue tomorrow.

Authorities of several states having two cent fare laws are watching the attempt to solve the problem, believing that if railroads succeed in maintaining a 2.4 cent rate in Illinois under the interstate commerce commission ruling similar action will be taken by roads in other states.

ESTIMATE DRAFT TOTAL 9,500,000

Provost Marshal General's Office Gives Estimate of Registration

37 STATES GIVE RETURNS

Michigan Goes Into First Place In Proportion of Eligibles Registered

HOLD TWO SKULKERS

WASHINGTON, June 12.—War registration returns in tonight from 37 states indicated that when all states have reported the total enrolled will exceed the census estimate of eligibles after deducting the 600,000 men now in military and naval service not required to register.

The provost marshal general's office estimated tonight that total registration in the United States will be nearly 9,500,000, slightly more than 90 per cent of the census estimate of 10,298,000 eligibles between the ages of 21 and 30 inclusive. Deductions indicated by the war department, however, would reduce this census estimate about 12 per cent or to a little more than 9,000,000.

With eleven more states to report the war department records showed tonight that 7,129,308 have registered, as compared with census estimates of 7,373,467 for the states represented. Of those registered 5,468,073 were white, 847,852 were colored, 897,868 were aliens and 94,311 were alien enemies. In indicated possible exemptions were 4,111,453.

Michigan today jumped into first place among the states in proportion of estimated eligibles actually registered with 113.6 per cent.

Orders Arrest of Skulkers. Springfield, Ill., June 12.—Mayors, sheriffs and other officers charged with keeping the peace in Illinois received instructions from Governor Lowden today to arrest skulkers who failed to register last Tuesday or during the period of leniency following.

In the course of the afternoon reports were received here that a number of men were being held, some of whom expressed willingness to register. An order of Provost Marshal General Crowder has made possible the release of such men on their own recognizance if they register under the personal supervision of the officer making the arrest.

Two young men, Anton Blase, a Lithuanian of Auburn, and Walter Kelly, a Russian of Springfield, are being detained here.

Registration boards were closing up their records today and city clerks were refusing to accept the applications of the few persons who happened to be away from home and classed themselves among the sick. No method of seeking skulkers has been prescribed by the federal government and an order of Governor Lowden merely ordered diligence on the part of the police authorities without specifying how those who evaded registration were to be discovered.

OFFICIALS SEIZE LITERATURE

Rockford, Ill., June 12.—Agents of the department of justice investigating anti-draft disturbances here today seized several suitcases filled with literature said to be treasonable and lists of men said to have allied themselves with Industrial Workers of the World in agitation against military service. Severe punishment will be asked, it was said, for men held in jail on charges of conspiracy, who, with profanity and obscenity performed vulgar ceremonies with the United States flag as a means of expressing defiance of the selective draft law.

RUTH LAW GIVES UP FLIGHT TO ST. LOUIS

JOPLIN, Mo., June 12.—Ruth Law today abandoned her flight from Joplin to St. Louis when she was forced to leave the motor of her airplane overhauled after flying here from Bartlesville, Okla. The machine is being worked on tonight and will be shipped to St. Louis early tomorrow morning.

Miss Law flew from Bartlesville a distance of 110 miles in 80 minutes. After circling the city and dropping liberty bond bombs she descended a few miles from the city.

PAY EMBRYO OFFICERS

Fort Sheridan, Ill., June 12.—When the bugle sounded "pay" today most of the embryo officers in camp didn't know what it was for. It was the first time its cheering notes had been sounded. The men drew \$64 each and in the aggregate they put \$20,000 of it back into Liberty bonds.

RECOVER THIRTY-EIGHT BODIES FROM MINE

Total Known Death List in Mine Disaster Stands At 140

Sixty-Nine Bodies Identified—Twenty-Two Miners Are Still Unaccounted For—Officials' Estimates Probable Total at 162.

Butte, Mont., June 12.—With the recovery today of 38 bodies from the workings of the North Butte Mining properties, which caught fire last Friday, the total list of known dead stood tonight at 140 of which 69 have been identified. Twenty-two miners are still unaccounted for and estimates of officials fix the probable total at 162.

Only a faint hope is entertained that any of the entombed miners are still alive. Manus Duggan, the young miner who directed the construction of a bulkhead in the 2,400 foot level of the Speculator mine shaft and thereby saved the lives of more than a score of his companions in among the missing and is supposed to have perished.

Thirty-three of the unidentified miners were buried this afternoon.

TELLS OF RED CROSS WAR COUNCIL PLANS

NEW YORK, June 12.—The way in which the Red Cross war council plans to expend the \$100,000,000 fund was explained by Henry P. Davison, chairman, in a letter from him read at a Red Cross luncheon here today. He gave assurance "that only a small percentage of each dollar contributed will be required to carry the relief to its destination" because of the volunteer character of the best American talent in modern sanitation, transportation, construction, welfare work, purchasing, commercial business, accounting and along other lines.

Base hospitals will continue to be organized to be turned over to the army at once for service in France. Units for military and naval mobilization camps will be provided. Supplies must be purchased, collected, transported and stored. Hospital ships are to be bought, equipped and manned. A sanitary engineering corps will be formed. The extent of all this preparation cannot now be estimated. Mr. Davison said, because no one knows whether one or two million men are to be sent forward.

COMMITTEE COMPLETES INCOME TAX CLAUSE

Washington, June 12.—Working on sections of the war tax bill designed to raise more than half of the proposed \$1,500,000,000 in revenue, the senate finance committee today nearly completed the income tax clause and made such headway on the levy upon corporation's excess profits.

Provisions giving effect to the committee's previous decision to require income tax "information from the source" instead of "collection at the source" were formally adopted.

The house rates except for the additional surtaxes on incomes over \$40,000 substantially were retained. They are estimated to raise about \$533,000,000.

CRITICISES LOAN DISTRIBUTION POLICY

DETROIT, Mich., June 12.—Rich and H. Waldo, of the New York Tribune principal speaker at tonight's session of the World's Salesmanship Congress here, severely criticized the Liberty Loan distribution policy of secretary of the Treasury McAdoo.

Mr. Waldo declared that "had the bond issue been handled in the proper way, it would have been subscribed six times over." He added that Washington "as a bond factory was turning out perfect goods," but that the selling organization was not what it should be.

PERSHING GUEST OF HONOR

London, June 12.—General John J. Pershing and eighteen members of his staff were the guests of honor tonight at Lancaster House.

The Prime Minister David Lloyd George sat at the first of six round tables in the dining. At the prime minister's right sat the American ambassador, Walter H. Page, and at his left General Pershing.

SETS NEW WORLD'S RECORD

Lincoln, Neb., June 12.—Arthur Klein set a new world's record for 25 miles on a half-mile dirt track here this afternoon driving the distance in 36 minutes and 47 seconds. The former record was 32 minutes and 47 seconds, made on the local track, was held by "Wild Bill" Endicott.

TELLS OF WAR TASK CONFRONTING U.S.

B. F. Harris Speaks At War Meeting Held In Champaign

NATION MUST AWAKEN

States U-Boat Menace is As Nothing Compared With Russian Situation

MUST WORK QUICKLY

CHAMPAIGN, Ill., June 12.—A startling picture of the war task that confronts the United States was given here tonight by B. F. Harris, head of the agricultural department of the American Bankers' association. Mr. Harris who recently returned from consultations in Washington and New York arranged the war meeting at which he spoke for the purpose, he explained, of awakening the people to "a realization that the whole world is afire and we are in the fight of our lives."

Raymond Robins Speaks

Besides Mr. Harris the speakers were Raymond Robins and W. T. Abbott of Chicago.

"Will the plain facts arouse us, or must the Germans blow up our transports, thunder at our very doors to jar us to a sense of our danger," and "responsibility?" Mr. Harris asked. "When we awaken I am not worrying about our doing our duty in the liberty loan, and the Red Cross. But in the name of Heaven and freedom when will we awaken?"

"There is none to save us but ourselves; not the president or congress; not the inventors or a few rich men, but each man and all the money of us. The average man and woman, boy and girl make the real nation and they all together can save it."

"Sixty days ago," the banker continued, "when congress declared war many, even in congress felt we would fight independently, without entangling alliances, and that 'none of our soldiers should go to Europe.'"

"How little did we understand it all then! how little do many of us appreciate now the awful odds that may be ours—with democracy driven to the wall by the arch fiend of all ages, William II, of Germany."

Must Furnish Men and Money

"We are indeed fortunate if we can keep the war on the other side and it is up to us to furnish practically all the fighting men and all the money for all our allies are almost exhausted. France has less than 800,000 men left at home, and the British Isles alone have sent more than 4,000,000 men to the front. And we talk of our mere half million to start training next fall!"

"There was nothing else for us to do but join the allies, for Germany has come to be the world's enemy. The Kaiser's war group with an insane idea of world domination have worked in the most sane way for thirty years to build up a war machine for the 'day' when they would Prussianize the Universe. They were far on their way when France and Britain called us—we who are so unprepared that we can at best scarcely make an impression for months to come."

Must Get to Work Quickly

"What in the meantime. We talk of the frightful submarine inroads that are worse than we are told but this menace is as nothing as compared with the Russian situation. Revolution has demoralized her and worse confounded is she by that ceaseless, hateful, insidious intrigue of Prussianism."

"Suppose Russia makes a separate peace or falls into revolution. At once a million and a half Germans and Austrian prisoners and all German armies now on the west front are released to fight on the west front and with it all Russia's food stores are released to feed the central powers."

"If this war taught us anything—tho we learned nothing during thirty awful months, it has made plain that the longest purse and a right cause can't necessarily stand up before preparedness and organizational efficiencies. Except for blessed Belgium's prostrate body delaying the German ghoul's a few days till Joffre could rush those heroic, democratic Frenchmen in the breach—England would have been at Prussian mercy—if there be such a word among the Kaiser's hell hordes."

"Can this meeting tonight give you the shock that every true son of liberty must get and get quickly—before it is too late?"

"We are talking about 'liberty bonds'—only two billions now—but before the year is out it will be ten billions. Unless a bolt from Heaven strikes to break Prussian madness, we face years of war and forty billions of bonds and we are forced to go at it on just that basis."

THE HIGH HEEL BILL.

Representative Kirby's bill limiting the height of heels for women's shoes died by senate action Tuesday. The fact is that too much time had already been devoted to this measure by the legislature. No doubt Representative Kirby was in earnest and had good intentions but scores of his associates who encouraged him and spoke favorably about the bill well knew that it was a ridiculous piece of proposed legislation and would never come before the governor for approval.

So many important measures are pressing for action and the times generally call for such serious thought that measures of the "high heel" kind are decidedly out of place. For that matter it would be out of place any time, for it is ridiculous to attempt by law the wearing apparel of either men or women.

THE LOCAL FLAG DAY PLANS.

It is fitting indeed that the Flag Day observance in Jacksonville for 1917 should be of the kind planned by the local lodge of Elks. This certainly is a year when every patriotic holiday and anniversary means more than has been true for a very long period. The Flag Day program which has been outlined will certainly serve to bring to the mind of all citizens something of the seriousness of the situation which now confronts the U. S. and will impress younger citizens anew with the meaning of the flag, as it stands for liberty and is the emblem of democracy in the present world warfare against autocracy.

The emblem so dear to all loyal American hearts has in these recent months taken on a new world significance and people of France, England and other allies who have in the past looked upon that flag with respect, now love and revere it. If a true picture of European conditions has been given, they feel that that flag is now going to be their salvation.

NEW CONDITION IN PROSPECT.

A bill has been prepared in congress to prevent landlords from raising the rent of houses or apartments during the period of the war. This looks like class legislation, for if the landlord has increased expenses for fuel or repairs why shouldn't he be able to pass it on to the tenant, just as is the rule with others engaged in business? But they say that in England such a law was passed and is being rigidly enforced.

So it is doubtless true that here in America we are going to become familiar with various laws which we think interfere with individual rights—laws we did not believe possible in free America. This war is likely to bring such changes, just as it has already revolutionized American thought and has caused party leaders and government officials in the course of a very few months to absolutely change certain principles and positions that they have upheld. We might as well begin to realize that we are going to become accustomed to a lot or new conditions in the days and months that are coming.

THIS IS ALLEGIANCE.

(Colliers Weekly.)
From the speech of Bernard J. Rothwell, former president of the Boston Chamber of Commerce, at a meeting of the Economic Club of Boston:

"And now, as an American of foreign birth to whom the old land must forever remain a fragrant memory, these closing words:

"Whatever the land of our birth, this is the land of our deliberate choice. The former was accidental; the latter is by design.

"We accepted the privileges of citizenship—we assumed its responsibilities. We are Americans by conviction. We owe no other allegiance save to God and to our own friends. Old world antagonisms, racial feuds, factional quarrels, religious prejudices have no places, and he is high or he is low, in church or state or private life, he is a traitor who would invoke those passions or permit them to govern his action. If days of supreme trial are now to test the soul of the nation, grant to each one of us the vision to see clearly the path of duty and the strength to follow it manfully."

NOW FAIR VOCATIONAL TRAINING.

In his latest report, United States Commissioner of Education Dr. Philander P. Claxton calls attention to the favorable attitude of organized labor with reference to the movement for vocational education. There was a time when organized labor was not friendly to the movement, but this time has passed, and American Federation leaders are now ready to co-operate with any recognized agencies in an effort to solve the problem arising out of the necessity of adjusting the school curriculum to changing economic conditions. Organized labor, however, insists that vocational education is not to be thought of as a substitute for general education, but as a necessary part of it, or as supplementary to it.

To every one must be vouchsafed the opportunity for a broad, all-around mental training that makes for intelligent manhood and womanhood, aside from the technical training which is the foundation for the

earning of a livelihood. The Labor Federation also contends that whatever is attempted under the form of vocational education should be completely under public control, centered in a single authority responsible directly to the will of the people; that is, the local board of public school trustees in a city or town, and the state department of public instruction in a state.

THE MAN WITHOUT A COUNTRY.

The "slacker" who is trying to escape service for his country and to avoid conditions imposed by the new registration law is really worse off than "The man without a country" as pictured by Edward Everett Hale. Reference to this fiction picture was made yesterday by Mr. Blair, state superintendent of public instruction, in his Jacksonville address. This "man without a country," because of statements made in anger that he hoped never again to hear the name of the United States, was sentenced to be sent far away upon ocean voyages for the remainder of his life and to be in such surroundings that he in truth never again would hear the name of the United States.

But these slackers are in worse condition than this man of fiction, because they are claiming to have a country and yet are seeking to evade the responsibility of citizenship. They are accepting the protection of that country, enjoying the benefits of freedom and yet are unwilling to do their bit that freedom may live. Yes, the slackers put themselves in an unenviable position. When they begin to realize just what they have done no doubt repentance will come in time enough to permit their escape from the governmental punishment which is otherwise certain.

TEN REASONS WHY YOU SHOULD BUY LIBERTY BONDS.

National honor, safety and interest urge you to invest all the money you can spare in the Liberty Loan.

1. Because the Government must have the money to win the war in which all you have at stake.

2. Because if we do not win the war now with the aid of the allies, it will cost Americans alone tenfold in blood and treasure with one-tenth the chances of success. Which do you prefer—to lend the Government \$50, or pay Germany \$500?

3. Because the success of the Liberty Loan will demonstrate the loyal determination of the American people to support the President and win the war.

4. Because the success of the Liberty Loan depends on you. If every American with \$50 does not buy a bond this week, the loan will be a failure, with all in loss and discredit to America.

5. Because you want to prove to the country the patriotism, liberality and resources of this country.

Buying Liberty Bonds is good business—

1. Because the Government must have the money to pay war bills and if it does not get it by the sale of the bonds it will take it by taxation; which do you prefer—a bond or a tax?

2. Because a Liberty bond is a gilt-edged investment; your money is absolutely safe—every penny will be repaid with interest at 3½ per cent or larger—at the highest rate the Government offers on war bonds. It is equivalent now to 5 per cent on taxable bonds.

3. Because it costs you nothing to invest in bonds; any bank will purchase the bond for you free of charge.

4. Because you pay no taxes on bond or interest—the income is net, tax free, the bonds can be sold for cash at par anywhere at any time.

5. Because every dollar you lend the Government will be spent in your community making more business, more work, more wages.

Rippling Rhymes By WALT MASON

Responsibility
Oh, Kaiser Bill, with hands so red, you cannot shift your load of blame; you were not driven, forced or led—you broke your way into the game. There would have been no war, Red Bill, no other monarchs sought a fray, but you were hot with lust to kill, and drank a flagon to "The Day." Had you but said, "Let war talk cease," no legions would have marched to die, and we would see the dove of peace, where now the battle pennons fly. But you for carnage were athirst, and "War Lord" dreams disturbed your sleep, and now your butcher's name is cursed wherever soldiers' widows weep. As horror mounts on horror, your head, and famine makes your people thin, you wish your hands were not so red, and while that yours is not the sin. But all the weary world is bored when you endeavor to explain that you were loath to take the sword and strove for peace, and strove in vain. You longed to see your neighbors wrecked; admit the truth, oh, Bloody Bill, and gain some fragments of respect.

JACKSONVILLE MASONS IN FIFTIETH ANNIVERSARY

Event Which Will Live Long in Masonic Annals Held Tuesday Evening With 250 People in Attendance—Two Charter Members Present.

An event which will live long in the memory of local Masons took place Tuesday evening in Masonic hall when the fiftieth anniversary was celebrated by Jacksonville Lodge No. 570, A. F. & A. M. Invitations were sent to the membership of both Harmony and Jacksonville Lodges, and when the evening program was begun at 7:45 o'clock Masons and members of their families formed an assemblage of two hundred and fifty or more. In this gathering were two charter members of the order, J. H. Hackett and T. J. Bronson. Capt. F. C. Taylor, who has held membership in the lodge for forty-six years, was present.

A regular session of Jacksonville lodge was opened Tuesday afternoon at 3:30 o'clock and the rites of the third degree were conferred upon two candidates. The chairs were occupied by past masters of the lodge.

Presented Master's Jewel.

The open meeting was called to order by C. S. Richards, master of No. 570, and the audience was extended a hearty welcome. A feature of the evening program was the presentation of a past master's jewel to Ray A. Hartman, who was succeeded by Mr. Richards the first of the year. Excellent music was furnished from time to time by H. J. Johnson's orchestra. The program was carried out as follows:

Address, "The Relation Between Masonry and the Home"—The Rev. M. L. Pontius.

Vocal solo, "The Warrior"—Robert M. Boyd.

Reminiscences—J. H. Hackett.

Violin solo—Dudley Hittie.

Presentation of jewel by A. C. Metcalf and response by Mr. Hartman.

Address, "Masonry in General"—The Rev. F. M. Crabtree of White Hall.

Historical address—H. H. Bancroft.

Miss Dorothy A. Hittie accompanied Mr. Hittie and Mr. Boyd.

Leo S. Johnson gave a xylophone solo to accompaniment by the orchestra.

C. S. Richards was in general charge and C. E. Williams was head of the supper committee. C. C. Rigden looked after the automobiles and E. L. Kinney the decorations. Normal Kaykendall and R. W. Hutchison were on the committee on arrangements. The supper which followed the program was well prepared and tastefully served, and the many who remained enjoyed fully this part of the program.

Some Famous Members.

Mr. Bancroft called attention to the fact that Dr. Green V. Black, perhaps the world's greatest authority on denistry, was once a master of Jacksonville lodge. Sol Smith Russell, the actor, was once a member. Mr. Bancroft mentioned also C. A. Barnes, who attained supreme rank in a kindred order, the Knights of Pythias.

The following officers were named by the grand master when the lodge was organized, June 12, 1867:

Worshipful Master—Edward Scott

Senior Warden—William Johnson

Junior Warden—Thomas J. Bronson

Treasurer—Benjamin Pyatt

Secretary—Leopold Weil

Senior Deacon—Joseph H. McConnell

Junior Deacon—James H. Hackett.

Those who petitioned for the charter of Jacksonville Lodge No. 570 were: Edward Scott, T. J. Bronson, William Johnson, Thomas Turley, Edward Lambert, Leopold Weil, E. P. Mount, C. C. Pratt, Daniel W. Rawlings, Cyrus Epler, John Cotton Smith, Benjamin F. Beesley, John W. King, Benjamin Pyatt, A. A. Dewey, Leonard W. Chambers, S. M. Palmer, J. S. Gordon, George S. McCartney, Charles H. Howard, Thomas Scott, James H. Hackett, William S. Hurst, Charles Dutton, Charles L. Hastings, Joseph H. McConnell, Edward S. Greenleaf, Irving Clement, Calvin W. McLain, J. B. Foley, Samuel S. Deweese and Jesse Waller.

SOCIAL EVENTS

Entertained for Miss Sullivan.

Misses Catherine and Marie Walsh entertained a company of friends Monday evening at their home on Ashland avenue in honor of Miss Nellie M. Sullivan, who is to be married to Edward L. Cox Tuesday, June 26. Twenty of Miss Sullivan's more intimate friends were included in the company and they gave a kitchen rush for the bride to be. Many smiles which will be very useful in the new home were brought by the guests. Excellent refreshments were served and the occasion was one of very great pleasure.

Engagement Announced.

Monday afternoon Miss Clara Cobb entertained the teachers of the first ward especially in honor of Miss Shannon who is soon to wed Patrick Sheehan of Woodson. During the evening the engagement of Miss Margaret English to W. H. P. Huber was announced. Both weddings are to take place this month.

President's Reception at Illinois College.

The annual reception for the senior class of Illinois college was given by President and Mrs. C. H. Rammelkamp Tuesday afternoon with a number of friends of the college and the older alumni in attendance. In the receiving line were President and Mrs. Rammelkamp, Dr. and Mrs. John Dewey, Prof. J. G. Ames, Mrs. T. J. Pitner and the members of the class. Excellent refreshments were served and the hours from 4 until 6 o'clock were very enjoyably spent.

Fifty Years of Safe, Conservative Banking

The half century during which this bank has served its customers and the community has witnessed periods of great financial and business prosperity, as well as depression, including the financial cataclysms of 1873, 1893, and 1907.

In the conduct of this bank the safety and protection of its depositors, customers and stockholders has always been the first consideration of the management.

For about thirty-six years this institution has been under one and the same management. A wide experience in important financial affairs and investments insures to depositors every safeguard for moneys entrusted to its care.

With ample capital and responsibility and this record, your business is invited; and accounts of corporations, firms and individuals are solicited.

NAPLES ODD FELLOWS
OBSERVE MEMORIAL DAY

Services at Methodist Church Sunday Evening Well Attended—Graves of Departed Members Decorated During the Day—Miss Hatfield to Take Special Work—Other Naples Items.

Naples, Illinois, June 12, 1917.—The local I. O. O. F. lodge observed their Memorial Day, Sunday, June 10. The services were held in the evening in the Methodist church and the attendance entirely filled the building. It was a splendid occasion the lodge membership in their regalia, attending in a body. During the day the members visited Naples cemetery north of town where quite a number of their brethren lie buried, the local lodge having been organized in 1852.

The services were very impressive and received commendation from all. Rev. Geo. E. Haas, Methodist pastor, had charge and warmly extolled the virtues and great work of the Order, under the inspiration of its noble motto, "Friendship, Love and Truth," in a very interesting sermonette, but above all he essayed to impress on their hearts the need of the culture of the soul as well. The theme of the sermon proper was "Our Creator and Creation," wherein was pointed out the marvelous wisdom, power and love of God—that He alone stands omnipotent. The choir music was especially enjoyable and was under the direction of Mrs. Roe Baumgardner. Miss Norma Abrams presided at the piano, Miss Margaret Green and Mrs. Irene Hamilton at the organ, and Will Gregory, trombone.

Joe Gregory and family along the water front two miles south of town were driven from their domicile by the high water, seeking abode in a dwelling in the southeast edge of town.

Frank Mappin and family entertained the former's sister, Mrs. William Powell of Meredosia, Saturday.

Mr. and Mrs. J. W. Bowen of Jacksonville, were guests at the home of Mr. Bunch, south of town Sunday. Mrs. Bowen was a visitor at S. S. and preaching services in the morning at the Methodist church. Her many friends were glad to see her.

Friends have received word from Rev. B. D. Mallinson, a former pastor here, now on the Greenville circuit, announcing the arrival at his home of another boy, their third child. The oldest child is a girl.

Much of the river front road running between the river and the levee, and the Phillips Ferry road into Valley City is under water.

John M. Ritter, Jake Green and a couple of other gentlemen were business callers in Winchester Monday, going over in the former's car. Rev. and Mrs. Haas are guests at the home of Henry Mayes, northeast of town Wednesday. A most delectable dinner will be their portion. Mesdames Walla and Clarence Hatfield accompanied Rev. and Mrs. Haas in a drive to Bluffs Tuesday in the latter's car.

Richard Hatfield departed Tuesday morning for Morton, Tazewell Co., where he will finish the remaining portion of his vacation season on a farm. Dick is O. K.

Miss Beulah Hatfield, one of the county's best teachers, left Sunday morning for Macomb to take a six weeks' term of special work.

NEBRASKA OBSERVES
GOLDEN JUBILEE

Celebration to Cover Period of Three Days—State Has Had Substantial Growth Since Admission to Union Fifty Years Ago—Now Has Population of 1,192,214—Building of Union Pacific Factor in Development.

Lincoln, Neb., June 12.—Fifty years! All that the rounding out of half a century of progress and development, of building and expansion, of growth in population and business, of goals attained and ambitions realized, of work performed and projects completed, of ideas gained and problems solved, of things done means to a state is what Nebraska, admitted to the Union fifty years ago, will celebrate here during the three days beginning today.

Student bodies and civic organizations throughout Nebraska have been holding celebrations this Spring in honor of the golden jubilee. The official semi-centennial celebration directed by the Nebraska State Historical Society, was begun last October with exercises and pageants in Omaha. The exercises and festivities to be held in the capital this week will conclude the celebration.

Remarkable Prosperity. It is regarded as fitting that the State which will be called upon in this year of war to furnish foodstuffs for hundreds of thousands outside her own borders should celebrate the agricultural development and the industrial prosperity that enables her to do more than her share in supplying the sinews of war.

Most of the present Nebraska, and much more on the north, was acquired from France by treaty ceding Louisiana in 1803. It became a portion of the territory of Louisiana in 1805, and a part of the Indian country in 1834.

The territory of Nebraska was organized by an act of Congress in 1854 and the first territorial legislature convened at Omaha the following year. In 1864 Congress passed an act to enable the people to form a State government. A constitution was framed by a convention that met in February, 1866, and was ratified by a vote of the people in June of the same year. On March 1, 1867, the new State was admitted to the Union by proclamation of the President.

One of the first official acts of the new State government was to remove the capital from Omaha to a point in Lancaster county. It was decided to call the capital city Lincoln, in honor of President Lincoln. Four years later saw the opening of the State university in the new city.

Mostly Undeveloped Land.

Nebraska, at the time of her admission of Statehood, consisted for the most part of a vast area of undeveloped land, with settlements few and far between, and a total population of less than that now contained in many of the counties. The building of the Union Pacific railroad in 1869, followed by the construction of numerous other lines in the two decades following, proved the greatest single factor in the development of the new State.

The semi-centennial finds Nebraska dotted with hundreds of flourishing cities, towns and villages. Omaha, the metropolis, boasts of a population of 150,000, according to the last Federal census, and since increased to near the 200,000 mark by the annexation of suburbs. The last Federal census gave the entire State a population of 1,192,214, an increase of 11.8 per cent in 10 years.

Last year Nebraska produced the largest wheat crop of any State in the Union with the single exception of Kansas. In corn production her record was eclipsed only by those of Illinois and Iowa. In the production of oats she also occupied third place.

Dr. Ruth Fairbank, an interne physician in the Johns Hopkins hospital at Baltimore, was expected in the city last evening for a visit of a few weeks with her parents, Mr. and Mrs. S. A. Fairbank on Edge Hill road.

WAR NEWS SUMMARIZED

King Constantine of Greece has abdicated his throne in favor of his second son, Prince Alexander, and, with Crown Prince George, is to leave Greece.

The abdication was made on the demand of the entente powers and thus ends the anomalous situation which long has existed in Greece because of the refusal of Constantine and his followers to acquiesce in full in the demands of the entente allies for the freedom of movement of their forces in and thru Greece and for their safety from attack.

That the Entente was prepared to move with expedition in bringing a change in the situation in Greece is indicated by the fact that simultaneously with the arrival in that country of the French senator, Jonnart, who bore plenary powers to act for the entente, came the occupation by the Italians in northwestern Greece near the Albanian frontier, of the strategic town of Janina, and by other entente forces of Klasona, in northeastern Greece, situated at the foot of Mount Olympus and near the Gulf of Saloniki.

In the fighting zones the situation is comparatively calm, except on the British front in France, along the line held by the French troops against the Germans in the region running eastward from Soissons into Champagne and on several sectors of the Austro-Italian theater.

Sir Douglas Haig's troops have again smashed into the German front east and northeast of Messines and largely extended the gains previously made in this region. Nearly two miles of trenches were stormed and occupied by the Britishers and in addition the small village of Gaspard, directly east of Messines, was captured. Berlin reports activity by the British cavalry east of Messines during Monday afternoon but says the attack of the mounted men was repulsed and only remnants of them were able to return to their positions. The German artillery in the neighborhood of Lens and Ypres is bombarding the British line.

The artillery of the French and Germans is still active along the Chemin des Dames, and in Champagne. During Tuesday the French made raids on German trenches near the Butte du Mesnil and the region of Haute Chevauchee, doing considerable damage to the positions and capturing prisoners.

Bad weather for the moment has caused some cessation in the activity in the Tretino district of the Austro-Italian theater, although artillery duels of considerable proportions continue. There has been no return of the infantry attacks on the Julian front to the east, although the Austrians have been particularly active with their big guns against the Italian lines on the Vedice and the heights northeast of Gorizia.

In Macedonia the Teutonic allies have met with repulse in several surprise attacks made against the French troops. The artillery duels continue in the Cerna Bend.

ARREST RAILROAD EMPLOYEES

Davenport, Iowa, June 12.—Thefts from box cars extending over a period of five years caused the arrest of several employees of a railroad at Nahant, Iowa.

SUPPLIES OF SILVER AND LEAD DIMINISHING

Bar Silver Rises to 77 Cents an Ounce—Quotations for Lead Vary, Some Producers Asking Highest Price in Thirty Years.

New York, June 12.—War demands, which long ago virtually swept the market bare of spot coffee, are rapidly diminishing the market supplies of silver and lead. Bar silver today rose to 77c an ounce, an advance of 2 1/8c over the price of the early part of the month and within two cents of the extreme price of last February.

Quotations for lead varied, some producers asking 12 1/2c a pound, the highest price for thirty years although 11 cents was quoted by the more extensive dealers.

The entrance of the United States into the war has given additional impetus to the inquiry for all the baser materials, it is said in trade circles, but lead has been among the last to feel the effect of this stimulus.

Demand for silver has become more acute because various foreign countries, which previously contributed their quota of the metal to the European markets are no longer operating their mines. Increased supply of silver have recently come out of the Mexican mines, but the demand for the metal for war purposes is still in excess of supply.

ADDRESSES ILLINOIS RETAIL MERCHANTS

CHICAGO, June 12.—L. M. Hattenbach of Denver, a member of the Colorado senate, spoke before the annual meeting of the Retail Merchants' association of Illinois today in behalf of the small merchant. He pointed out to the 450 members of the body the importance of union. "If you don't stick together the chain store and the mail order house will get you," he said. "Food reformers and women's clubs have failed to put the 'middleman' as the retail man has been termed, out of business. Even Uncle Sam with his parcel post has failed. The little man is here to stay."

Senator Hattenbach condemned trading stamps and coupons.

MAY PAY PRIZES IN BONDS.

Chicago, June 12.—Prize money offered for the 250 mile automobile derby to be run Saturday on the Chicago speedway probably will be paid in Liberty Bonds instead of cash. A number of the drivers entered in the event today authorized the speedway management to pay them whatever they might win in bonds and it is expected that all of the contestants will follow suit.

BARRY INSPECTS CAMP.

Fort Snelling, Minn., June 12.—Major General Thomas H. Barry, of Chicago, commander of the Central department made a surprise inspection of the student officers' training camp here today. He will return to Chicago tonight. It was announced that the names of all applicants for the first training school who were not accepted will be sent to central headquarters. It is said that a number of these men will be sent to Fort Riley.

CREATE WELFARE BUREAU.

Chicago, June 12.—A welfare bureau for the benefit of its members and uplift of the community was created at a meeting today of the board of directors of the circulation managers' association of Illinois. It was decided to hold a semi-annual meeting in Springfield this summer at a date to be selected later. L. B. VanCleave of Rockford is president of the association.

MORE AMERICANS REACH FRANCE

Boulogne, June 12.—Another installment of the vanguard of the American army has arrived in France in the form of 150 ambulance drivers and 75 nurses. Preceded by a British military band they marched thru the streets to their quarters amid the enthusiastic cheers of the population.

AMERICAN GAS INSTITUTE.

New York, June 12.—Problems arising from the present war emergency were discussed by the American Gas Institute at a special meeting held in this city today. The meeting was substituted for the general convention of the organization which was to have been held later in the year in Washington.

IDEAL WEATHER ACTS BEARISHLY ON WHEAT

Outcome is an Unsettled Finish at 1 to 5 Cents Net Lower—Corn and Oats Drop.

Chicago, June 12.—Ideal weather conditions over the greater part of the wheat belt had a bearish effect today on prices. The outcome was an unsettled finish, 1c to 5c net lower, with July at \$2.23 and Sept. at \$2.08. Corn closed 1-4c to 3 7/8c down and oats off 1c to 1 7/8c. Provisions wound up unchanged to 2c higher. Welcome rain fell in the spring wheat region, whereas clear warm weather prevailed throughout the most of the winter crop territory. The moisture in the northwestern states and in Canada tended to relieve drought which had been complained of. On the other hand, southerly temperatures and abundance of sunshine were greatly desired to hasten the maturity of winter wheat, and to promote the northward spread of the harvest.

Corn, like wheat went downgraded owing to better weather conditions. Crop reports from railroad and other sources were generally optimistic, although considerable damage was said to have been done by excessive rains especially in lowlands. Eager demand for immediate delivery corn led after mid day to a sharp bulge which however, caused fresh realizing by holders and a renewed down turn of prices.

Oats ruled easier in sympathy with corn. Belief that exporters had supplied their wants for the present was also a weakening influence.

Provisions were in brisk demand. The stimulus appeared to be chiefly due to higher quotations at Liverpool and in the hog market here.

PASS HEWITT BILL.

Springfield, Ill., June 12.—The senate today passed without opposition Senator Hewitt's bill to appropriate \$1,000,000 to make the Big Muddy river navigable to the Mississippi to provide water transportation to the coal fields of southern Illinois.

The Kirov bill to prohibit heels more than one and three-eighths inches in height on woman's shoes was killed by striking out the enacting clause.

DEFER CONSIDERATION.

Springfield, Ill., June 12.—Consideration of the Latham anti-injunction bill for which labor leaders have made a desperate fight was deferred by the senate today. The bill was the special order and the action today was taken as an indication that no effort will be made to enact it into law at this session.

PASS UNIVERSITY APPROPRIATION BILL.

Springfield, Ill., June 12.—The University of Illinois appropriation bill carrying a total of \$4,800,000 for the next biennium was passed by the house today. An amendment it prevents the expenditure of any of the \$500,000 building fund appropriated for construction of new buildings, permitting its use only for completion of buildings already started.

SHOOTING STRIKING TEAMSTER.

Granite City, Ill., June 12.—Herbert Standridge, a striking teamster, was shot and dangerously wounded by negro strikebreakers here tonight when a crowd of about fifty teamsters surrounded four wagons driven by negroes. When Standridge attempted to climb onto one of the wagons the negroes opened fire.

MADDOO SPEAKS IN PITTSBURGH

COLLEGE SOCIETIES HOLD ANNUAL BANQUETS

Members of Phi Alpha Gather at Peacock Inn for Event of Much Pleasure—Sigma Pi Society Entertained at Dunlap—Woman's Societies at Colonial Inn

The members of Sigma Pi society in the annual love feast were the guests of Mr. Ensley Moore of the class of '68. Mr. Moore had arranged a very appropriate program in keeping with the present crisis and the part to be played therein by Sigma Pi. Clay Apple, president of the society, introduced Mr. Moore, who called upon the speakers. During the War of the Rebellion there were no truer patriots than the young men of Sigma Pi society and very gladly did the gathering listen to the words of the older Sigs who had shown their loyalty in the years of conflict. Veterans of the war who spoke at the banquet were J. W. Melton, '63, Gates Strawn and William D. McCormick, L. E. Milligan, '57, spoke for the veterans of the Spanish War. Dr. John Dewey of Columbia university was a speaker as were H. J. Dunbaugh and E. W. Blatchford of Chicago, trustees of the college. Prof. J. G. Ames responded to a toast, as did Prof. Whisler.

Other past and present members of Sigma Pi society who spoke were Worthington Adams, '19, Charles Capps, '20, Hansel Wilson, Julian Frisbie, Warren Pierce, Robert Capps, Elmer Lukeman, Henry Caldwell, Wayne Wright, '11, Henry Stotler, '14, Judge E. P. Brockhouse, Charles Nickel and Byron Carpenter.

GAMMA DELTA SOCIETY

The women of Gamma Delta society held their love feast at the Colonial Inn. Miss Stella Cole was introduced as toastmistress by Miss Grace McLaughlin, the president. The Gamma Delta colors, pink and white, were used in decoration. There were present a number of alumna members, among them Dr. Ruth E. Fairbank and Misses Ruth Brown, Ione Linder, Beulah Ennis, Edith Painter and Emma Mae Leonard. At the close of the evening all joined in the singing of the Gamma Delta song. Following are the speakers and the sentiments of each.

"Be patient, our playwright only show in some fifth act what 'tis with glimmer means"—Miss Ruth Ledger, president for next year.

"May their useful care be ever night"—Miss Elson Barnes.

"But what am I? An infant crying for the light"—Miss Irene Kaune.

"Return to us once more"—Miss Leonard.

"Some in rags, some in tags and some in velvet gowns"—Mrs. C. E. Black.

"O woman, perfect woman, what distraction was meant to mankind when thou wast made an athlete!"—Miss Edith Epler.

"I Dream I Dwell in Marble Halls"—Miss Mary Alexander.

Miss Ruth Badger responded to the first toast with a review of the year's progress and the achievement of the girls. The society has been studying modern drama but has had a lively interest in all activities on the hill.

Miss Barnes, an honorary member, who responded to the second toast, told of the eagerness of the honorary members to help the society in any possible capacity.

Miss Kaune of the freshman class spoke of the privileges and benefits of being a member of Gamma Delta Literary society.

Miss Emma Mae Leonard in responding to her toast spoke of the delight of being again with the society and of learning of the new enterprises of the society and its present active members.

Mrs. Black responded by picturing the real needs of the society's hall, suggesting rugs, china, silver and other luxuries that the society should be helped to possess. Her remarks were received with keen appreciation.

Miss Edith Epler responded to her toast by telling of the deep desire of the girls for athletic facilities and of the real good that would result not only for the efficiency and proper spirit of the girls individually, but also for the attractiveness of the school in general.

The last speaker responding to a toast was Miss Mary Alexander. She told of the progress that has been made for the realization of that glorious dream—a woman's building. Miss Alexander has been chairman of the woman's building committee of the girls' association. She gave a report of the several enterprises of the year that have made a substantial increase to the woman's building fund.

Miss Coale then called upon several alumnae members among whom were Mrs. Mary T. Carriel, Mrs. J. A. Palmer, Mrs. Ira J. Underwood, Dr. Ruth E. Fairbank and Misses Brown, Ennis, Bellatti and Painter. Miss Grace McLaughlin as retiring president of the society, then made a few remarks before closing.

SIGMA PHI EPSILON

The banquet of Sigma Phi Epsilon society, served at the Colonial Inn at 7 o'clock proved very enjoyable, celebrating as it did the second anniversary of this youngest of Illinois college literary organizations. Miss Bernice Wheeler is the president; and she introduced as toastmistress Mrs. T. P. Carter. Miss Louise Capps who told of Red Cross work, was the principal speaker of the evening. Miss Wheeler and Miss Frances Gatliff made talks and Miss Mabel Forrester gave a violin solo. Go! and the Sigma Phi Epsilon colors, added charm to the dining room decorations.

PHI ALPHA SOCIETY

The Phi Alpha love feast was held at the Peacock Inn last night and this morning but as it continued until almost time to go to press only the merest mention is possible suffice to say it was fully up to the very high standard of this organization.

A fine supper was enjoyed, the divine blessing being invoked by A. T. Capps and next came the program

of speeches. The meeting began unusually early and it was hard to stop. President Dean requested R. I. Dunlap to act as toastmaster and the following responded.

First all drank to the following toast: "I love every inch of her prairie land Each stone of her mountain side, I love every drop of the waters clean That flow from her rivers wide, I love every tree, every blade of grass."

Within Columbia's gates: The queen of the earth, is the land of my birth;

My own United States." Then a superb letter from Major Geo. M. McConnell of Fairhope, Ala., was read by W. D. Wood. The secretary was instructed to send the gentleman a letter of appreciation and send him a Phi Alpha pin.

Dr. Dewey, the speaker at commencement today and Prof. L. E. Milligan, spoke briefly. Responses to sentiments were:

Phi Alpha and the Bar—Judge Carl Epler of Quincy.

The College—Pres. Rammelkamp.

Phi Alpha and the Press—S. W. Nichols.

Phi Alpha and the Lawyer—E. B. Hamilton of Peoria.

Debating Team of '09—Hugh S. Green and C. E. Robinson.

Phi Alpha and the Business College—H. E. Read.

Phi Alphas as Lovers of Truth—S. W. Baxter, E. St. Louis.

Phi Alpha Far Away—Dr. D. W. Craig, Sioux Falls, S. D.

Phi Alpha of 1917—John Martin and Robert Nesmith.

Phi Alpha's Guest—Homer Reynolds.

Phi Alpha in the Future—Pres. Dean.

Phi Alpha in the Ministry—Rev. Percy Epler, Indianapolis, Ind.

A letter was read from Geo. S. Montgomery of Edmonton, Canada, enclosing \$25.00 and another from the same gentleman to his cousin, J. J. Bergen who read it.

The meeting closed with the Phi Alpha song and America, Rev. A. F. Ewert of White Hall accompanying on the piano, and three cheers for old Phi Alpha.

"JEFFERY SIX" UNDERPRICED

Our present low price on this car is due only to the fact that the present stock of raw materials were purchased over a year ago. The truth of the matter is that the Jeffery Six was underpriced in 1916 when the present price of \$1,465 was fixed. Now with forty-five manufacturers who have made advances, and in the face of raises which must inevitably follow in the near future, the Jeffery Six represents value that cannot be secured under \$1,700. SYMPTOMS OF HER DISEASE

Backache, Sideache, Nervousness, Dizziness, Faintness, all Disappeared After the Woman's Medicine was Taken.

Kingfisher, Okla.—"For two years I suffered with a severe female trouble, was nervous, and had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. A friend asked me to try Lydia E. Pinkham's Vegetable Compound.

After taking ten bottles I am now well and strong. Have no more pain, backache or dizzy spells. Everyone tells me how well I look and I tell them Lydia E. Pinkham's Vegetable Compound did it."—Miss NINA SOUTHWICK, R. F. D. No. 4, Box 33, Kingfisher, Okla.

Every woman who suffers from female troubles, nervousness, backache or the blues should try Lydia E. Pinkham's Vegetable Compound as Mrs. Southwick did, or if they need free advice in regard to any annoying symptom write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

C. P. & ST. L. SHOP MEN ASK INCREASES

Ten Cents an Hour Additional is Request in Letter Sent to Road Officials—Eight Hour Day is Also Sought.

At a meeting of the executive committee of all shop employees of the C. P. & St. L. railroad held Tuesday evening it was voted to request an increase in wages of ten cents an hour and an eight hour day.

The representatives at the meeting were: Frank McKenna, chairman, representing the boiler makers; Charles Pires, secretary, representing the blacksmiths and Charles Cobb, representing the machinists. The representatives from Springfield were: A. T. Baldwin, representing the machinists; George Maher, representing the boiler makers and Patrick O'Brien, representing the blacksmiths.

The rules under which the men work make it necessary to give the

company thirty days' notice in case of a demand for increase in wages or a reduction of working hours. The meeting last night drafted a letter, which was sent to C. S. Branch, superintendent of motive department.

The men representing the various crafts are not only asking for an increase of wages for themselves but also for their helpers. The minimum scale for journeyman now is 41 1-2 cents an hour and for helpers is 32 1-2 cents an hour.

Schram's closing out auction sale begins Thursday at 2:30 o'clock.

YOUNG MAN FROM NAVY VISITOR HERE

Because he is fortunate in having an eight day furlough M. D. Brainer, quartermaster on the battleship Utah, is in Jacksonville to visit relatives and friends. Mr. Brainer entered the service for three years and has one year to serve. The chances are that he will re-enlist at the expiration of that time in view of the present national conditions.

The Utah recently returned from a three months' cruise in the tropics. The visitor called on Mr. and Mrs. Edward Keating as he recently saw their son R. E. Keating on the battleship Texas.

ELKS' FLAG DAY PROGRAM.

As mentioned yesterday, the Jacksonville lodge of Elks will observe Flag Day with a special program in First Baptist church tomorrow night. An intensive patriotic program has been arranged and the occasion will be one of certain interest. Committees are already at work on the decorations and the program arrangements are completed.

PROMINENT LOCAL FARMER IS HEARD

Albert Uhnken, of Chapin Tenders Hearty Praise For Tanlac

When such men as Albert Uhnken, whom hundreds of local residents hold in the highest esteem for his worth as a man of unquestioned honesty and integrity, praise Tanlac, it cannot be denied that the Master Medicine is all that is claimed for it. Mr. Uhnken has been a resident of Morgan County for years, residing at Chapin, Ill., and is one of the most prominent and well known farmers in this vicinity. He said on May 24: "About two or three years ago I began having trouble with my stomach and ever since that time I have experienced a lot of trouble. Invariably after meals gas would form in my stomach, causing considerable annoyance."

"I decided to try Tanlac after reading in the Jacksonville papers of its good work. Although I haven't finished my second bottle of Tanlac I feel sure that the medicine is benefiting me considerably. The gas accumulations are not so severe now, my food seeming to agree with me better. I think Tanlac is a good medicine. I gladly recommend it."

Tanlac, the Master Medicine, is proving equally as beneficial to hundreds of other men and women in Jacksonville and vicinity as it did in Mr. Uhnken's case. It is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like.

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at P. W. McKinney's; in Roadhouse at W. D. Berry's and in White Hall at the City Drug store.

WHEN WILL WAR END?

Ages of Presidents, Kings and Emperors Disclosed the Fatal Date—See If You Can Figure It Out.

Maybe the war will end in 1917. President Wilson was born in 1856, took office in 1913, has been in office four years and has lived 61 years. All these figures total 3834. One-half of 3834 is 1917. But here is the startling fact pointed out by the Pittsburgh Gazette-Times: Similar dates in the lives of European rulers give the same sum. Thus: Pres. of France was born 1860, took office 1913, has been in office 4 years, has lived 57 years.

King of England was born 1865, ascended throne 1910, has reigned 7 years, has lived 52 years.

King of Italy was born 1869, ascended throne 1900, has reigned 17 years, has lived 48 years.

Czar of Russia was born 1868, ascended throne 1894, has reigned 23 years, has lived 49 years.

King of Belgium was born 1875, ascended throne 1909, has reigned 8 years, has lived 42 years.

Emp. of Japan was born 1879, ascended throne 1912, has reigned 5 years, has lived 38 years.

King of Serbia was born 1844, ascended throne 1903, has reigned 14 years, has lived 73 years.

King of Montenegro born 1841, ascended throne 1910, has reigned 7 years, has lived 76 years.

3834 divided by 2 equals 1917.

In case of rain Illinois College Commencement Exercises will be held in Westminster church this a. m. at 10 o'clock.

GAVE BOND FOR APPEARANCE

Lucile Kaufmann appeared before Justice Dyer Tuesday and gave bond in the sum of \$10 for her appearance at the November term of the circuit court. She was arrested several days ago on complaint of Dr. E. I. Hill of Jacksonville State hospital, who charged her with larceny. It was alleged she took several towels and a spread belonging to the hospital.

As previously mentioned on Monday Carter Gaither an attendant at the institution was arraigned in Justice Dyer's court on the charge of striking a patient and pleaded guilty and was fined \$3 and costs.

Dr. Hill was the complaining witness in that case as well and was not at all pleased with the fine assessed against Gaither, thinking it should have been a larger one on account of the offense. Dr. Hill did not feel that the Kaufmann woman should have been released on such a small bond.

Justice Dyer stated that he was not concerned as to what Dr. Hill thought about his action. He said that Gaither was a married man and that he thought inasmuch as he entered a plea of guilty the small fine was only right. He said he could not see where it would have helped matters any to assess a large fine or impose a jail sentence.

STATE PREPARES TO PAY FOR PAVING.

Information from Springfield yesterday was to the effect that the house passed a bill appropriating \$16,519 for the state share of pavements adjoining state institution property here. It is proposed to pave East State street in front of the Blind institution and to continue the West State street pavement from Webster avenue to Finley street adjoining the State School for the Deaf. The bill was introduced by Representative Jacob Frisch.

TEACHERS HELD MONTHLY MEETING

The teachers of Grace church Sunday school held their regular monthly meeting in the church parlors Tuesday evening. There were present about 35 teachers and the topic for discussion was "Opening Exercises." The discussion was led by Mrs. J. I. Graham, Dr. A. J. Ogden, A. L. Henderson and Miss Clara Hopper. The supper was served by the members of Mary's and Martha's classes of the church.

FEDERATED CLUBS IN ANNUAL SESSION

WOMEN OF COUNTY MET IN
STATE STREET CHURCH
TUESDAY

Officers and Precinct Vice Presidents are Named — F. G. Blair, State Superintendent of Public Instruction, Made Principal Address—Interesting Reports Presented.

The annual meeting of the county federation of women's clubs was held yesterday in the parlors of State Street Presbyterian church. It was the intention to have the gathering at Nichols park with a picnic and the threatening aspect of the weather caused the ladies to change their minds though every preparation had been made for them at the park.

The capable president, Mrs. Benj. Lorton, presided and Mrs. Harry Rice, secretary, read the minutes of the last meeting. Reports were then heard.

Domestic Science Round Table—Mrs. W. D. Doying.

Orleans Country Club—Mrs. H. W. Hinrichsen.

Strawn's Crossing Woman's Club—Mrs. Frank Green.

Chapin Household Science Club—Mrs. W. W. Anderson.

Chapin Woman's Club—Mrs. H. E. Tucker.

Jacksonville Woman's Club—Mrs. J. K. C. Pierson.

Anti-Tuberculosis League—Mrs. A. L. Adams.

Precinct vice-presidents: Alexander—Mrs. H. W. Hinrichsen.

Chapin—Mrs. W. W. Anderson, Departments of Parents and Teachers' Work, Mrs. A. B. Williamson.

Treasurer—Miss Clara Cobb.

County Work—Miss Coale.

With highly complimentary remarks the chair said that a banner had been promised the precinct which showed the largest percentage of votes for the sanatorium, tax levy and Alexander had won it. It had finally been the decision that a pin which the recipient representing the precinct might wear all the time would be more appropriate and accordingly Mrs. Margaret Colwell was called forward and Mrs. Lorton pinned on the lady's breast the beautiful Red Cross pin which her precinct had won.

The nominating committee thru Mrs. Scott made the following report which was unanimously adopted:

Officers Named

Precinct—Mrs. Benj. Lorton.

Secretary—Mrs. Harry Rice.

Treasurer—Miss Clara Cobb.

Precinct vice-presidents: Jacksonville—Mrs. J. K. C. Pierson and Mrs. Wm. H. Cleary.

Markham—Mrs. R. G. Vasey.

Waverly—Miss Emma Burnett.

Franklin—Miss Rhoda Scott.

Literberry—Mrs. J. M. Lister.

Arcadia—Mrs. Walter Houston.

Sinclair—Mrs. Frank Hunter.

Concord—Mrs. B. A. Cratz.

Chapin—Mrs. W. W. Anderson.

Murrayville—Mrs. Fred Walker.

Pisgah—Mrs. A. A. Curry.

Alexander—Mrs. Clark Stevenson.

On motion of Mrs. W. H. Hinrichsen of Alexander the federation expressed its appreciation of the services of Mrs. Lorton and her aides by a rising vote.

For the centennial celebration Mrs. J. K. C. Pierson made a report as follows:

Dinner Served

Then came dinner and it was abundant, superior in quality and admirably served. After this part of the program had been enjoyed Miss Louise Capps appeared and told of the work of the Red Cross locally.

Mrs. A. Wehl then sang in a highly finished manner. Mrs. W. D. Roberts accompanying, four selections, "My Heart Hath a Song," "Ithys Herbert," "Mity Lak a Rose," "Nevin," "A Morning Glory Song," "Woodman," and "Yesterday and Today." Spross.

Public School the Great Leveler.

Following the dinner an address was made by F. G. Blair of Springfield, superintendent of public instruction, his subject being "The Melting Pot of America." Mr. Blair is at once one of the easiest and most eloquent speakers known to Illinois audiences and he held the earnest attention of his auditors for more than an hour. Associated as he has been with public school work for many years past, he naturally turns to the American public school system as furnishing the finest example of that fusing process which results in the children of the wealthy, those in moderate circumstances and those of the poor meet on one common level in the school playground and classroom. The theme was of especial interest in view of present world events and the speaker made clear how important it is that all native Americans and those whose people would come to our shores from abroad should have a clear idea of what individual liberty means.

Illustrations were used to show how impressed foreigners are who come amongst us and gradually come to a clear understanding of the principles of a republic and that all men are born free and equal. The speaker emphasized this point, too, that in a country of this kind conditions are not just what we would like to have them, but if they do not come up to our ideals then it is our business to get busy and endeavor to bring to pass the very conditions that we think desirable.

The Man Without a Country.

As a picture of a man without any sense of loyalty the speaker told the story of Edward Everett Hale's "A Man Without a Country." Realization came to this man, so the story runs, just how much there is in love of country when he read that poem of Scott's beginning with the lines:

"Breathes there a man with soul so dead

Who never to himself hath said,

"This is my own, my native land."

Mr. Blair made the point that as

patriotism is an essential, so the great work which confronts the people of this country thru their public school system and thru other means is to impress upon all why and how this country was founded and how it stands today for democracy and individual freedom.

Following Mr. Blair's address Mrs. Condit of Cass county talked briefly on the Navy League, a branch of which has been organized in Beards town. Members of the league are now engaged in the special work of providing knitted outfits for the men on the battleship Illinois.

The next meeting of the county federation will be in Chapin, the invitation of the Woman's club and the Household Science club of that town having been accepted.

Miss Marie Fairbank is the member from the 20th district on the special committee appointed by the state president, Miss Spafford, to stimulate an interest in the history of Illinois along educational, industrial and social development and to co-operate with the State Centennial commission in bringing about greater celebrations throughout the state during 1918.

This committee met in Springfield on Friday, April 27, in the Springfield Art association building. Each district in the state has a member upon this committee and each district will be organized by counties or wards by its own member.

The presidents of the districts are urged to invite their centennial committee member to speak at all district or county club meetings within the next year and a half, that the interest of every community may be gained.

Outlines of study upon Illinois history, Illinois Indian lore and Indian music are being prepared and will soon be in the hands of each member of this committee to be used by the clubs in their next years' programs.

Clubs are requested to plan special celebrations in their schools and cities for April 18, 1918—Illinois Day—which date is recognized because in 1818, on April 15th, congress passed the Enabling Act. Clubs should plan to give especial importance to this date.

August 26, 1818, was the day the constitution was adopted. August 26, 1918, should be the date when all counties in the state and many cities will have pageants. October 6, 1818, the first state governor of Illinois received the oath of office. Oct. 6, 1918, will be Illinois' greatest celebration of her birthday at Springfield.

The president of the United States, all governors of the states, many other officials will be invited to the capital upon this date.

All club women will be there and have a part in the event.

December 3, 1918, celebrates the date when congress ratified the state constitution, and this will be the closing date of the year's work.

Miss Fairbank also told us the state centennial banner and poster are ready to be printed and are very artistic and beautiful. These will be sent out by the state very generously into all sections.

INTERESTING FACTS IN STATE HISTORY

Centennial Preparations. Furnished Theme for Recent Address by Senator Hugh Magill—Jacksonville Must Take Due Part in Celebration.

"Not Without Thy Wondrous Story," Illinois, Can be Writ the Nation's Glory Illinois."

Was quoted by Senator H. S. Magill in his address recently before the members of the alumni association of the Jacksonville Female Academy, The Young Ladies Athenaeum and the Illinois Conservatory of Music, as the reason why all the state should celebrate next year the one hundredth anniversary of the admission of this state into the Union.

Mr. Magill represented the Illinois Centennial commission here and in his most patriotic and inspiring address told why Illinois of all states should celebrate this event and celebrate it in a most fitting manner. He told of how other states had made this event a source of much enthusiasm and said that Illinois should be more than proud of her record and that it should be justly celebrated. It was four years ago that the idea of celebrating a centennial was broached in the Illinois State Legislature, and at that time many of the senators wanted to wait until later to start, but it was pointed out that so many other states had waited too long, and the time to start was then. Thus it came about that a Centennial Commission was appointed and they have been working hard on the proposition since that time.

Illinois in Civil War
Mr. Magill in his address told in interesting manner the most important part Illinois had played in the history of our country, not only during the Civil War period, but before that. Even while the Revolutionary War was in progress and Illinois was a county of the state of Virginia, he said that much of the history of this nation was built about Illinois. And it is for this reason besides the fact that Illinois has furnished one of the greatest men the world has ever known, that we are to have Centennial celebrations all over the state next year.

In telling of the plans laid by the state commission, Mr. Magill said that the first plans were to have very elaborate celebrations all over the state, but while this would still in a measure be true, the present war would necessarily modify these plans. "Nevertheless, the commission has done some very interesting things in the way of planning this project, working in connection with the historical department of the University of Illinois, a volume of the history of this state is just ready to leave the press. Plans are under way for a Memorial building to be erected in Springfield, the corner stone of which will be laid next year during the centennial celebrations. In this building, which will be an elaborate structure, will be a Lincoln room, an educational room, a hall of archives and many other interesting features. And one of the greatest features of the centennial will be the unveiling of the great statue of Lincoln which is now being modeled by that famous sculptor Andrew O'Connor."

Mr. Magill told how this sculptor had heard while in Paris that a monument to Lincoln was to be erected and had come all the way to this country to get his model in, and how he had arrived here too late, but when the committee saw his model they decided to break all rules, and awarded the prize to O'Connor. The monument is to represent Lincoln as he was in Springfield, and O'Connor has made a most wonderful statue of Illinois' greatest gift to the nation.

Much Expected of the City
In speaking of the local part of this celebration, Mr. Magill said that much was expected of this city. "Jacksonville is rich in history, and affords great opportunity for a celebration here. In most parts of the state where plans are already under way for this event, parents are being prepared. For a parent no city offers more material than Jacksonville. It has many historical events connected with it, that are important to Illinois, and to the entire nation. This plan will probably be carried out here, and already numerous people are working out ideas that they may have in regard to a celebration of this kind. An opportunity offers itself to any one who is inclined to be literary, to write a wonderful historical pageant dealing with the history of Illinois, with Jacksonville as the main center. Outlines for this pageant are being prepared by the Centennial Commission, and it is expected that Jacksonville will be outdone by no other city in this celebration."

Some Special Dates
Senator Magill indicated the dates that would be set aside in Springfield for the various celebrations. On April 18, of next year will be the one hundredth anniversary of the enabling act, when the United States Congress told Illinois to get ready to be made a state. On August 26, will be the one hundredth anniversary of the adoption of the first constitution of Illinois, and on Oct. 6, all the state will celebrate the anniversary of the inauguration of the first governor of the State. Senator Magill said that Illinois could not even wait until they had been admitted into the Union before they inaugurated their governor, for it was not until December 3 that Congress admitted this state into the Union. On October 6 of next year will be the greatest celebration in Springfield. Governor Lowden has predicted that people from every state in the Union will be present to take part in the celebration and that if the great world war ceases, people from every country in the world will be present.

Those who heard Senator Magill could not but be inspired by his most stirring address. Much enthusiasm was shown and already people are becoming interested to know what part Jacksonville will play in

PRETTY WEDDING SERVICE AT WINCHESTER

Miss Sophia Brown Becomes Bride of James McCabe of Murrayville—Bluffs Young People Wed.

Winchester, June 12.—Tuesday morning at 8 o'clock at St. Marks Catholic church occurred a pretty wedding when Miss Sophia Brown of Winchester became the bride of James McCabe of Murrayville. The ceremony was said by the Rev. Father Bell.

At the hour appointed the bridal party entered the church to the strains of the wedding march played by Miss Lillian Collins. The couple were attended by Miss Lillian Lashmet and Walter Brown, brother of the bride.

The bride was handsomely gowned in white crepe de chine with bridal veil and carried a shower bouquet of white roses and smilax. The bridesmaid's gown was of bisque taffeta and georgette crepe.

The bride is the second daughter of Mr. and Mrs. James Brown, residing five miles west of Winchester. She is a graduate of the Winchester high school and since graduation has been engaged in teaching in the vicinity of Murrayville where she met her husband. The groom is the son of John McCabe of Murrayville and is a prosperous young farmer.

Following the ceremony a wedding breakfast was served to the immediate relatives at the home of the bride's uncle, T. D. Lyons. The couple left in the afternoon for a brief wedding trip to St. Louis. Upon their return they will reside on a farm near Murrayville. Both parties have many friends who will unite in wishing them a happy and prosperous married life.

ILLINOIS COLLEGE COMMENCEMENT TODAY
The Illinois college commencement address this year is to be delivered by Dr. John Dewey, Ph. D., LL. D., of Columbia university, a man of nationwide reputation as a student of philosophy and who now stands in the foremost ranks as an authority on that branch of education. Dr. Dewey is the author of a number of well known works on education and philosophy. He is a guest at the home of Dr. Dewey and Dr. Milligan.

The commencement exercises are to take place this morning in the college grove if the weather is favorable, otherwise they will be held in Westminster church. It was announced Tuesday.

HERE FOR COLLEGE COMMENCEMENT EVENTS

One of the interested visitors at Illinois college commencement events is E. W. Blatchford of Chicago. Mr. Blatchford is assistant manager of the firm of E. W. Blatchford & Co., dealing in metals. The business which is conducted on a large scale, was founded by the elder Blatchford and the principles of honesty and strict integrity established in the beginning have been followed thru the years. E. W. Blatchford, Sr., now deceased, was long a staunch friend of the college and it is very pleasing to friends of the institution that the son has maintained the interest that his father held and as a trustee is an interested sponsor for the institution.

RED MEN ELECT OFFICERS
At the regular council of Belknap Tribe No. 78, Improved Order of Red Men Tuesday evening, the semi-annual election of officers was held and the following were chosen: Sachem—F. O. Branstetter. Senior Sagamore—Oscar Weider. Junior Sagamore—J. M. Hurst. Prophet—J. A. Hosp. Trustee for 18 Moons—A. L. Wood.

WILL MAKE SURVEY OF THE COUNTY

The Morgan County Anti-Tuberculosis society is soon to begin the making of a survey of the county. The work is to be in charge of Miss Harriet Coale, and is for the purpose of ascertaining the number of tuberculosis cases now existing in Morgan county, the data later to be turned over to those in charge of the county sanatorium.

The survey will extend over a period of six weeks and will be as exhaustive as time and means will permit.

PUBLIC LIBRARY HOUR
Following a custom of long standing the public library will close during the summer months at 8 o'clock instead of 9. It has been customary to follow these hours during the hot weather and, in fact, this year the 9 o'clock hour has been observed longer than usual because of the cool weather.

Mr. and Mrs. John C. Goltz of Los Angeles, Calif., who have been visiting Mrs. C. A. Catlin and sisters have gone to Decatur and Chicago for a visit. They will return here for another visit before returning home.

The celebration of the one hundredth birthday of our state, Jacksonville has always done her part, and there is no doubt that the same will be true in this particular instance. While in Jacksonville Senator Magill was a guest of Miss Traube and Mr. Gates Strawn.

GENUINE DEMOCRACY NOT YET REALIZED

Is Statement Before National Conference of Charities and Correction at Pittsburgh—Because Bulk of Citizens Do Not Know Their Own Needs—Social Unit Plan Being Tried Out in Cincinnati

Pittsburgh, June 12.—Genuinely democratic government has never yet been realized, according to a statement made by Wilbur C. Phillips, Cincinnati Executive Secretary of the National Social Unit organization, in an address here today before the National Conference of Charities and Correction. Even so-called democracies have already been oligarchies, he said, because the bulk of citizens have not been adequately informed as to their own needs and have had no clear idea of how to go about achieving those needs. He added that the Social Unit Plan aims to bring about complete democracy by helping the rank and file to get for themselves a clear idea of their own needs. He said further in part:

"The laboratory chosen for working out this new conception of democracy is a district in Cincinnati containing approximately 15,000 people. In this district, under the control of the people who reside in it, and with the co-operation of the leaders in the entire city, it is planned to develop details of organization which may then be applied with minor modification to the other sections of the city and to other cities.

"The first step will be to organize

a Citizen's Council in each block in the district. Each of these councils will be encouraged to select a woman as organizer. These women will be paid, and they will have as their chief duty the building up of friendly relationships with the families in their respective blocks. Their first task will be to get in touch with every woman who is the mother of a baby.

"The block organizers are not to attempt to treat the needs which they find. Their function will be rather that of general diagnosticians to discover needs and to call in experts to apply the treatment required.

"For the carrying out of this three-year experiment in Cincinnati, \$135,000 has been pledged; subsequently it is hoped that the work will be taken over by public funds. The social unit plan differs from older conceptions of social work in four chief points:

"(1) The work will be under the direct democratic control of the people who will be effected by it, and not of an absentee board of directors.

"(2) The aim will be to do 100 per cent work in the district, securing a report of every instance of social need and endeavoring to connect each case of need with adequate treatment.

"(3) The plan aims at the elimination of duplicate investigations by co-ordinating all the social endeavor of the entire unit.

"(4) A broader scope than mere relief is contemplated. The plan will concern itself ultimately with every phase of the local life which is vital to the welfare of the unit."

Schram's closing out auction sale begins Thursday at 2:30 o'clock.

EAGLES ARE PATRIOTIC.

Bloomington, Ill., June 12.—Loyal and active support of the nation's war policy on the part of every member of the Fraternal Order of Eagles in Illinois will be pledged at the annual State convention of the order which opened in this city today. Patriotism is to form the keynote of the convention proceedings from the first call to order until the final adjournment. The annual convention parade is to be converted into a huge demonstration of patriotism. The gathering is attended by hundreds of delegates, representing every local branch of the order in Illinois. Peoria has sent a big delegation with a view to securing next year's convention.

DISCUSS EFFECT OF WAR ON LIFE INSURANCE

Plan Favored of Government Reimbursing Insurance Companies for Excess Drains on Mortality Funds Due to the War—Some Companies Refuse Insurance on Enlisted Men.

Chicago, June 12.—The chief topics now discussed in life insurance circles in this country are policies for men about to enter the war and a plan to meet financial conditions expected to be caused by an increased mortality.

Robert Lynn Coxy, former Secretary of the Association of Life Insurance Presidents, has carried a protest to Washington against the passage of that section of the gross production tax bill which would put a tax of eight cents on each hundred dollar's worth of insurance written. The sentiment among some insurance officials is that men should be insured at the regular rates, that the government should make an annual audit of deaths—all policy holders who are participants in the war being listed in a separate class—and that the government should make up to the insurance companies any drain on their mortality funds in excess of that provided for in the accepted American mortality table.

Such action by the government was advocated in a letter written recently by Clarence L. Ayres, a prominent insurance man of Detroit, to President Wilson. In his letter Mr. Ayres, among other things, said:

"By this method the men would be carrying and paying for their own protection but would avoid the necessity of paying the excessively heavy extra premiums required by all companies now accepting these risks, the government simply making up whatever deficiency there might be in the actual cost of carrying insurance on the lives of men engaged in defense of their country. The companies would be restricted to issuance of policies of not to exceed \$2,000 on men in certain branches of the service in other branches this could be limited to varying amounts and in no case to exceed \$5,000."

In no branch of financial activity in this country have the effects of war conditions been more far-reaching than in life insurance, according to L. Brackett Bishop, of Chicago, who has long been prominent as an insurance executive. In outlining present and future phases of life insurance in the United States, Mr. Bishop said:

"Before the declaration of war with Germany no provisions were made in the writing of life insurance policies for extra premiums on account of the war, because it was first hoped and believed that this country would not be involved. But almost as soon as war was declared extra premiums were added to policies written by all the important insurance companies, the increase ranging from \$37.00 in some companies to \$200 per thousand dollars in others. The extra premiums apply to all who take out policies before entering any branch of war service, army, navy or aviation—except that some companies do not increase the rates on policies written for men, who joining the army, do not leave this country. The increase in rates do not, of course apply to policies in force before the war.

"In order to bring about a uniformity of rates heads of the leading companies have within the last few weeks recommended adoption of figures on which all could agree. Some companies delayed putting the war rates into immediate effect in order to encourage business, and it is only within the last week that one of the largest companies increased the premiums. A few companies have gone on record as refusing to write any insurance, even at the higher rates, for any one enlisted in army or navy.

"The whole life insurance situation will be discussed at a meeting of the National Association of Life Underwriters, to be held in New Orleans in September, a meeting of the American Life Insurance Convention, to be held also in September will consider these matters as will the annual meeting in New York City; next January, of the Association of Life Insurance Presidents.

"I favor the plan of the government reimbursing the insurance companies for the excess drains on their mortality funds due to the war and I advocated such a measure several years ago, when this country and Mexico were at odds.

WAR SESSION IN MARYLAND.

Annapolis, Md., June 12.—Called together by proclamation of Governor Harrington, the members of the Maryland legislature met in special session today to take measures to enable Maryland to cope with conditions arising from the war. The most of the measures to be considered and acted upon have been approved by the State preparedness commission. Among other things the measures call for the creation of a State council of defense, Maryland State Guards, a State constabulary, organization of firemen as county guards, suspension of legal proceedings, judgments, etc., during the period of the war, relief of soldiers' dependent relatives, provision for taking soldiers' vote at elections and militia law amendments. It is further proposed to appropriate \$1,000,000 or more, if necessary, to carry out the State defense plans.

MUNICIPAL OFFICIALS CONFERENCE.

Buffalo, N. Y., June 12.—State and war problems which particularly affect the cities are to be discussed by mayors and other municipal officials of New York State at their eighth annual conference which opened here today. Governor Whitman and several other men of prominence are scheduled to address the conference during its three day's sessions.

BUSINESS EXPERTS HEARD AT CONGRESS

Varied Industries Represented by Speakers at World's Salesmanship Congress in Detroit—Will Discuss Effect of War Upon Business in U. S.

Detroit, Mich., June 12.—Business experts, representing a varied selection of industries, delivered addresses today at general sessions of the World's Salesmanship Congress. Modern methods of forming territorial units for the sale of products was one of the leading points discussed at the forenoon session. The afternoon meeting is to debate foreign salesmanship and the effect of the war upon business in the United States.

T. C. Rice-Wray, Detroit, was chairman of the forenoon meeting. The territorial problem, it was announced, would be discussed by H. E. Cragin, Chicago; H. E. Roesch, Newark, N. J., and others. Scientific methods of choosing and selling products brought out in papers prepared by Lachlan and Macleay, Syracuse, N. Y.; Harry Gillett, Cleveland; C. H. Hunter, Harrisburg, Pa., and J. Frank Dechant, Philadelphia. Robert H. Cornell, a newspaper man of Houston, Texas, is to be chairman of the afternoon session. E. H. Huxley of New York, was listed to speak on "Selling Abroad" and "The Effect of the War on Selling Opportunities at Home" was the announced subject of an address by J. Rogers Flannery, Pittsburgh. Other probable speakers were A. R. Kneibler, Benton Harbor, Mich.; C. A. Lockhart, Buffalo, and N. H. Williams, Lincoln, Neb.

GIANTS TAKE SERIES
FINAL FROM CHICAGO

NEW YORK WINS THE GAME IN
THE SIXTH.

Wild Exhibition by Chicago Nets
New York Five Runs—Brooklyn
Bunches the Few Hits They Made
off Mitchell in the First and Eighth
Innings and Wins from Reds.

Chicago, June 12.—New York
defeated Chicago 10 to 6 today in
the final game of the series.
New York won the game in the
sixth after a wild exhibition by Chi-
cago, which netted five runs and
caused the banishment from the field
of Manager Mitchell and Captain
Doyle, both of whom argued with
Umpire Klem.

Paddy Driscoll, a former member
of the Northwestern University foot-
ball eleven and baseball nine, who
has been practicing with the locals,
took Doyle's place and his double in
the seventh inning was instrumental
in Chicago scoring its last run.

JURY FINDS AGAINST
C. & A. IN CATTLE CASE

Damages of M. F. Dunlap Fixed at
\$523—Suit Involving Will of Mrs.
Ratliff is on Trial.

The suit of M. F. Dunlap vs. the
Chicago & Alton R. R. was con-
cluded in the circuit court Tuesday and
the jury returned a verdict assess-
ing the damages of the plaintiff at
\$523. This was a case resulting from
a shipment of sixty six head of cattle
made Sept. 6, 1916, from Huffaker,
Ill. The original claim was for
something more than \$600. The
jury which heard this case included
Ralph May, Joyce Masters, C. L.
Hankins, J. L. Elert, Lawrence Giv-
ela, J. C. Fernandes, Roy Gilbert,
Wallace Holscher, H. C. Lippert, T.
R. Mathers, Joseph L. Smith and J.
R. Baxter.

The suit of George P. Brown et al
vs Felix G. Brown et al, is now
on trial before Judge Jones. The
plaintiffs are represented by Bellatti,
Bellatti & Moriarty and John M.
Butler and the defendants by L. O.
Vaught and William N. Haigrover.
This suit involves the estate of Mrs.
Mary Ratliff of Concord neighbor-
hood, whose death occurred more
than a year since. By this will
Mrs. Ratliff left her husband a por-
tion of the estate intended to be
equal to the amount of her financial
obligation to him. The bulk of the
estate was to be divided among sev-
eral brothers, but one brother was
not included in the list of benefi-
ciaries and he therefore brought the
proceedings to have the will set
aside.

CHAUTAUQUA DIRECTORS
HELD BUSINESS SESSION.

Members of the board of directors
of the chautauqua association held
a meeting at the Farmers' State
bank Monday afternoon for the trans-
action of business relating to the
chautauqua in 1917, which will be
held Aug. 17 to 26. As previously
mentioned, the directors have secured
practically all of the attractions for
this season and have no hesita-
tion in saying that the program will
compare favorably with that of former
years. Possibly because of the war
there have been some inquiries as
to whether or not the chautauqua
will be held and the directors are
anxious that the public understand
that the program just as planned
will be carried out. The world con-
ditions are such that there is great
need than normally for such an
educational festival.

RETURN FROM OKLAHOMA.

Mr. and Mrs. Carlton W. Taylor
of Grove street have returned from
Tulsa, Okla., where they have spent
two weeks with their daughter, Mrs.
Ira J. Underwood. They were ac-
companied home by Mrs. Underwood
who will spend several weeks in
Jacksonville.

Pipp on base, the Yankees nosed out
Chicago in the twelfth inning today
4 to 3. Peckinbaugh scored the win-
ning run on his double and a single
by Hendryx. Love who finished the
game for New York has pitched 29
consecutive innings without allowing

Cleveland, 2; Washington, 2.
Washington, June 12.—Washing-
ton and Cleveland played sixteen
innings today to a 2-2 tie, the game
being called on account of darkness.
Cleveland scored in the fifth and the
locals in the seventh and each added
a run in the tenth. Morton and Du-
mont were relieved by Bagby and
Shaw, respectively in the eleventh,
after batsmen had been sent in to hit
for them. Shaw walked the first
two men to face him and was taken
out in favor of Johnson who pitched
brilliantly for the remainder of the
game, allowing but one hit and
striking out eight men. Score:

MR. AUTO OWNER!

Why throw your old auto tires away when they are good for
2500 to 6500 more miles.

My method of taking two old tires and making one good one is
saving thousands of auto owners from 50 to 75 per cent on their bills.

Send me two old tires and I will make one good tire that you can get from 2500 to
6500 more miles out of. In sending me tires be sure one has a good rim no matter how
bad the tread is worn. For the other one that has a good tread no matter what condi-
tion rim is in.

If You Haven't a Tire with a Good Tread I Can Furnish You One

PRICES FOR DOUBLE TREADING

I. C. ALUMNI FUND OFFICERS HELD SESSION

New Directors Were Named—Report of Treasurer Showed \$3,000 in the Fund.

Officers of the alumni fund of Illinois college held a meeting at the Ayers National bank building Tuesday afternoon. H. J. Dunbaugh, '99, of Chicago, served as chairman in the absence of Dr. Edward Capps. The directors chosen were Dr. Edward Capps and H. J. Dunbaugh to succeed themselves, George J. Kneeland, '01, of New York City and Judge Edward Doocy of Pittsfield. Among those who attended the meeting, in addition to Mr. Dunbaugh were Walter Bellatti, secretary, Ralph I. Dunlap, treasurer, William T. Wilson, Jacksonville, Roy McKown, Springfield.

The report presented by Mr. Dunlap as treasurer showed the fund now totals \$3,000. As Dr. Edward Capps was unable to attend commencement exercises this year the following telegram was sent him:

"The directors of the alumni fund in re-electing you chairman send greetings and appreciation of your fine work. We regret you could not be here. Walter Bellatti, Secy."

MRS. MARY STEWART HAS REACHED GREAT AGE

Mrs. Mary Stewart Has Lived Here Many Years—Still Vigorous in Mind.

On June 6, Mrs. Mary Stewart celebrated her 92nd birthday at the home of Mr. and Mrs. E. Elmore. Two years ago the Journal told the story of Mrs. Stewart's life.

She was the daughter of John and Darcush Angelo and was born and has spent her entire life in this county.

On the occasion of her birthday she received the congratulations of many friends. Her niece in Detroit, Mich., sent her a large bouquet of roses and a large cake.

She was united in marriage to Robert William Stewart in 1851. Four children were born to this union all of whom died in infancy. Her husband died in 1879. At his death she took her great nephew E. Elmore into her home and has been a member of his family in these later years. The child in the picture is Mr. Elmore's daughter.

TO LEAVE FOR NORTH DAKOTA.

Tomorrow Mr. and Mrs. Wm. Newman, William, Jr., Bessie and Louis, will start by automobile for Minot, N. D., where Ward Newman is located. Mr. Newman says they will probably remain there something like two months seeking rest and recreation.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P.
